TO DURHAM COLLEGE

At Durham College, the student experience comes first. Starting with our first graduating class of just 53 students in 1969 to the more than 51,000 graduates we now proudly call our alumni, we ensure you receive the best possible education and gain the most up-to-date skills during your time with us.

Whether you plan to kick-start a great career or further your studies post-graduation, the following pages are designed to show you how we can help you succeed at college and make your future dreams come true. If you like what you see here, please visit our campuses and check us out for yourself!

There's a place for you at Durham College

Whether you're finishing high school, thinking about returning to school to upgrade your knowledge and skills or want to change jobs altogether, there's a place for you at Durham College.

Our programs are shaped by today's changing job market and taught by world-class professors with real-world experience. In addition, most programs offer co-op and internship opportunities that enable you to gain valuable work experience while attending classes. You'll be ready to hit the ground running – before and after graduation.

Close to 30,000 students study at our Oshawa and Whitby campuses, preparing for their future careers through our many full- and part-time, apprenticeship and continuing education programs in areas including energy, business, information technology, media, art, design, skilled trades, general arts and sciences, justice, technology, emergency services, health care and more.

In addition, if you are interested in earning a college diploma and a university degree, we offer several college-university pathway programs through agreements with universities in Ontario and around the world. This includes several agreements in place with our campus partner, the University of Ontario Institute of Technology (UOIT), which allow you to broaden your post-secondary experience without having to physically change locations.

Enabling you to pursue a university degree in less than the traditional amount of time, pathway agreements give credit for college study that can be used toward a university degree.

To find out more, call 905.721.3000 or visit <https://myplace.durhamcollege.ca/durham>.

We are here

To find out where your program is located, look for the O indicating Oshawa and the W indicating Whitby in the campus columns from pages 14 to 16.

o Oshawa campus

Our Oshawa campus houses our award-winning Campus Library; Integrated Manufacturing Centre; Centre for Integrated Justice Studies; state-of-the-art biotechnology and nursing labs; and the Campus Recreation and Wellness Centre (CRWC) which features extensive health services, a 28,000-sq.-ft. triple gym, 10,000-sq.-ft. fitness centre, two squash courts, an indoor golf range, an elevated indoor walking/jogging track overlooking the gym and more.

o Whitby campus

Our Whitby campus features our award-winning Skills Training Centre, a leading facility in preparing apprentices and skilled trades students for a wide range of market-driven trades – positions that offer excellent pay and career prospects as the demand for them grows in Ontario and across the country.

In addition, the campus houses Phase 1 of our Whitby campus expansion project, which includes new classrooms and labs; a research incubation centre; and a living laboratory approach that provides solar water heating, solar cell systems, geothermal technology, wind turbines and electrical and energy auditing.

The campuses are connected by a shuttle bus as well as Durham Regional Transit.

PROGRAMS FOR THE FUTURE

Skills and energy training for the future – Durham College's Whitby campus

PAUL ▸ RENEWABLE ENERGY TECHNICIAN STUDENT

An increased focus on the use of clean energy for the development of a healthier and more sustainable environment to live and work in is more important than ever.

At Durham College, we are committed to training the future green leaders of tomorrow through leading-edge programs linked to the growing demand for a trained workforce in the areas of sustainability and renewable energy. This includes the more than \$30 million three-phase expansion project happening at our Whitby campus, which saw us introduce our Energy Audit Techniques and Renewable Energy Technician programs during Phase 1.

Ontario also continues to face an estimated shortfall of more than 350,000 skilled workers by 2025. Through Phase 2 of our expansion, we are positioning ourselves to combat this job shortage by increasing the shop area by 20,000 square feet and introducing new programs in areas such as power engineering technology, sustainable energy, biomass energy, building trades and technology, metal fabricator, carpenter, steamfitter and construction millwright.

At present time, more than 20,000 registered apprentices have completed various levels of in-school apprenticeship training in the construction, manufacturing and transportation sectors at our Whitby campus – including more than 12,000 in the last seven years. Together they collectively represent Ontario's next generation of skilled tradespeople.

We are very proud of the thousands of students we have trained over past two decades and encourage you to visit our Whitby campus to find the career that's right for you. For a full list of programs, please see page 16.

Located in the core of Durham Region

Our Oshawa and Whitby campuses are located in the heart of Durham Region, which has a population of more than 600,000 people.

Located in the Greater Toronto Area, just 40 minutes east of Toronto, the region offers sports, culture, education and music; provides easy access to Canada's leading business and cultural centre; and enables you to ski, snowboard, hike, walk, bike, windsurf, sail, fish and more within 30 minutes of campus.

Alternatively, if you prefer the indoors, you can visit one of many shopping malls and restaurants or theatre and concert events that happen in the region on a regular basis.

ONLY 40 MINUTES
EAST OF TORONTO

Living and learning with us

Our goal is to help you have the best academic experience possible. You'll soon discover Durham College offers hometown advantages and international flair.

o Simcoe Village

Our Simcoe Village residence gives you a choice between furnished double rooms that are semi-divided for privacy or furnished suites with two private bedrooms. Both options include:

- Cable television;
- Fridge and microwave;
- Internet access;
- Kitchenette;
- Telephone; and
- Three-piece bathroom.

We start with the promise that as a student enrolled at Durham College for the first time, you are guaranteed a room in residence if you meet the deadlines for accepting our offer of admission and applying to residence. Your residence application form will be included with your offer of admission or you can apply online at www.durhamrez.ca. It doesn't get any easier!

We currently offer several different residence options at our South and Simcoe Village residences as well as apartment-style residence units, which are designed for students in their upper years of study.

o South Village

Overlooking a creek and conservation area, our five-storey South Village residence provides furnished suites with two private bedrooms that include:

- Cable television;
- Fridge and microwave;
- Internet access;
- Kitchenette;
- Telephone; and
- Three-piece bathroom.

The South Village residence also features a cafeteria and study and recreation areas.

Athletics

Exercising your body is as important as exercising your mind and thanks to Durham College's world-class facilities, award-winning varsity athletics program and extensive intramural sports leagues, you can do both right on campus while having access to first-class athletic scholarships!

The CRWC is one of the best athletic facilities in the country and includes:

- A 28,000-sq.-ft. triple gym;
- A 10,000-sq.-ft. fitness centre;
- Two 900-sq.-ft. aerobic/dance studios;
- Two squash courts;
- An elevated indoor walking/jogging track overlooking the gymnasium;
- An athletic therapy centre;
- A multi-purpose lounge; and
- Student sports club office space.

It also houses the Campus Health Centre, which provides a mix of health and wellness services including:

- A medical clinic featuring extended hours of service and on-site doctors, nurses and counselling services;
- A full-service pharmacy; and
- A variety of alternative health services including massage therapy, physiotherapy, acupuncture, nutritional counselling and chiropractic and orthotic services.

Can't get enough sports? We offer:

- The Campus Ice Centre which features two NHL-sized ice pads;
- The Campus Tennis Centre, which is open year-round and features six Har-Tru (clay) tennis courts;
- Softball and soccer fields; and
- Varsity sports including men's and women's basketball, soccer, volleyball and golf; men's baseball; and women's fastball.

If you don't want to compete in a varsity-level sport you can always join one of our many intramural sports teams to satisfy your interests including:

- Basketball;
- Ice hockey;
- Indoor soccer;
- Road hockey;
- Slo-pitch;
- Touch football; and
- Volleyball.

THE CRWC

Life outside the classroom

When it comes to the student experience, we feel that what happens outside the classroom is just as important as what happens inside. With that, we are committed to attracting and retaining students who reflect our institutional values and those of our community including the importance of having respect for others and the creation of a positive relationship between students, faculty, staff, administration and the community.

Our Student Rights and Responsibilities department, housed within our Office of Campus Safety and Security, is a great example of our ideals. Designed to protect the rights of everyone on campus, its goal is to sustain an environment of inclusiveness that will empower you to achieve your highest potential. This goal is also supported through the many initiatives directed by our Diversity office, which helps ensure we sustain a positive, multicultural campus.

The safety and security of everyone on campus is also an important priority and to that end, our Office of Campus Safety and Security has several safety strategies in place. This includes uniformed security personnel who routinely patrol the campus; 24-hour security presence at the main desk of the Gordon Willey building at the Oshawa campus; code blue stations in all parking lots that provide direct contact to security; and closed-circuit television cameras located throughout campus. We also offer the Campus Walk program, which provides escorts to and from your car on campus.

JOIN STUDENT GROUPS

o Your Student Association

Your Student Association (Your SA) plays an active and important role in the interest of all students. It reflects the values of communication, inclusiveness, representation, spirit and success in all that it does. It holds numerous on- and off-campus events and is responsible for administering programs such as the food bank, student insurance plan and the Universal Transit Pass (U-Pass).

In addition, Your SA is responsible for managing the many student groups that operate on campus. A world of diversity and much more is represented by more than 75 student groups ranging from sports and culture to hobbies and everything in between. Chances are you'll find something that suits your interests and if you don't see a club that works for you, go ahead and start one of your own!

o Women's Centre

The Women's Centre offers a safe haven for female students including providing confidential counselling and assistance in abusive situations. It also hosts numerous events on campus including Break the Silence Day, an event protesting violence against women, and an annual memorial ceremony to mark the National Day of Remembrance and Action on Violence Against Women.

o The Riot

The Riot campus radio station is known as the students' voice on campus. It entertains, educates and updates the campus community and surrounding region. Airing live from the Marketplace Cafeteria in the Gordon Willey building at the Oshawa campus, the station broadcasts all Durham College home varsity sports games live and also reports on breaking news, weather conditions and more.

WORLD-CLASS INSTRUCTION, WORLD-CLASS PROFESSORS – FACULTY FAST FACTS:

- In January 2010, Kathleen Stewart was named a top 20 finalist in TVO's Best Lecturer Competition;

- Lon Appleby presented the college's first virtual global lecture in April 2010;

- School of Media, Art & Design Professor Barb Suen was instrumental in bringing an Ontario Chinese Artists Association exhibit to campus including the donation of several pieces of art to campus;

- Kevin Dougherty, a professor with the School of Business, IT & Management spearheaded the 19th annual holiday food drive and raised more than \$13,000 for families in the community and the Campus Food Bank; and
- Professor Kimberly Sears completed her Doctorate of Philosophy in Nursing in June 2009.

ASK A GRADUATE

"The hands-on approach to learning offered by the Durham College Journalism program continues to serve as a foundation for my career as a publicist. Working on the campus newspaper,

The Chronicle, taught me crucial skills for interacting with editors and public relations professionals; helped me determine what is news; and allowed me to develop superior editing skills that set me apart from the pack. The job placement opportunity was an invaluable tool for gaining real-world experience and networking and prepared me for the fast-paced world of publicity and media."

-Lisa, 2009 graduate, Journalism

ASK AN EMPLOYER

"At Atomic Energy of Canada Ltd. we consider our relationship with Durham College to be very strategic and key to the future of the Canadian Nuclear Industry. We're big fans!"

- Atomic Energy of Canada Ltd.

The Durham College community – meet our students and graduates

While the student experience at Durham College is comprised of our programs, professors and campus life – it is our students who make our campus thrive. We invite you to meet some of the students and graduates who chose to study with us – their advice is invaluable and who better to tell you, in their own words, what makes Durham College so special?

- **AMANDA, School of Health & Community Services**

“By attending Durham College, I was able to live at home with my parents. It is a smaller college and more personal and easier to find your way around. The staff was always willing to help in any way if I ever needed advice.”

- **AUDREY, School of Continuing Education**

“I was a stay-at-home mother of three and wanted to further my education so I could get a fulfilling job/career. I thoroughly enjoyed learning from professors/teachers that had actual experience working in the field I was pursuing. My advice to new students is that dedication is the key to success. Stay focused and work hard and you can be successful in any chosen field.”

- **MICHELLE, School of Justice & Emergency Services**

“Additional learning opportunities were an important factor in my decision to pursue my interest in law with Durham College. It was perfect timing for me when I began attending the Legal Administration program. Now I can earn an honours degree from UOIT in two years by applying my college credits toward a degree in Legal Studies. Today I have knowledge and administrative practice in the theory of law and the hands-on technical skills rarely taught in university. I'm ready to take my education to the next level.”

The structure of the Journalism program is what attracted Miranda to Durham College. "The three-year program allows students to explore all aspects of the industry, from the basic fundamentals to creating a newspaper and producing live video broadcasts. The placement offered for second- and third-year students also provides the opportunity of experiencing the real world, working for media outlets.

Durham College instructors prepare students for future careers in all sectors of the field, in a fast-paced yet comfortable working environment. They provide the appropriate foundations that students need to be successful. "

MIRANDA
School of Media,
Art & Design

o **MELANIE, School of Science & Engineering Technology**

"Durham College is in a great location and the campus is beautiful. Everyone I visited was really friendly and helpful. The Campus Recreation and Wellness Centre facility was also a big help. The quality of the gym and cafeterias, especially the residence cafeteria, are outstanding. The faculty and staff are also all very kind and caring and it makes the transition into college easier."

o **MICHAEL, School of Skilled Trades, Apprenticeship & Renewable Technology**

"I pursued Durham College after taking a night course at the Whitby campus. Having enjoyed the night course and knowing about the increasing demand for skilled labour, I enrolled in Durham College full-time the following year. Success really does matter to the teachers. Simply putting a little effort and interest into your work will guarantee that you will succeed. It is important to make the most of your time at school because it goes by faster than you think. Many resources are available to help you make the most of your time and to help you succeed."

o **STACEY, School of Business, IT & Management**

"I decided to attend Durham due to the great reputation of its Human Resources Management graduate certificate program. I already have my degree and needed a direction as to where to take the next step in life. I find it's very personalized, there's always information being sent out to me and my instructors know me even though they may teach three or four other courses. I would tell new students to not be afraid to explore. It's a large campus and there are tons of opportunities."

PROFESSORS YOU CAN COUNT ON

Why do our grads find jobs?

ASK AN EMPLOYER

"Durham College has always been a good school." – *Grant Lahay, recruitment consultant.*

"I feel that they have appropriate programs for our needs." – *Apotex, Inc.*

Having a Durham College credential can give you a distinct advantage in the workplace and open the door to a world of opportunity and thousands of employers. So, what makes Durham College graduates such sought after commodities in the job market?

Is it the access to hands-on training in the latest technology and industry trends that we provide? The emphasis we place on ensuring our programs are taught by knowledgeable instructors who support you in your pursuit of a great career? Or our many program advisory committees that are comprised of industry experts, employers and college faculty and staff?

Designed to help us stay abreast of new trends, gain input into new and job-focused content and look for ways to improve, our advisory committees help us ensure our programs provide workplace-ready skills and enable us to provide pathways to internships or co-op placements so you can apply your classroom instruction to a true-to-life work environment.

While all of these are powerful tools on their own, it's their combination that defines a Durham College graduate. In fact, we're so confident in our graduates' ability on the job that we guarantee it through our Employer Guarantee for graduates working full-time, part-time or on contract.

If an employer finds that a graduate lacks the skills normally acquired in his/her program, we'll provide them with retraining and full tuition for one Durham College course credit for up to one year after graduation.

WE'RE SO CONFIDENT
IN OUR GRADUATES'
ABILITY ON THE JOB
THAT WE GUARANTEE IT

Bound for success

Durham College graduates are in-demand, well-trained, confident, well respected by their employers and most importantly – bound for success. After all, our commitment to ensuring you have everything you need to succeed in your career and make a difference in the world has been the cornerstone of our philosophy for more than 42 years.

o **MATT**
Primary care paramedic
and paramedic graduate

"I'm a pretty outgoing person. I really enjoy helping people and take great pride in the community. These are good attributes for being a paramedic and my goal is to gain meaningful employment in my field whether that's being an actual paramedic or working in some other way in emergency services. There are a lot of great things about Durham College. One of the things I really enjoyed was our field placement where we got to do 450 hours of ride-outs where we actually ran real calls with real paramedics in real emergencies. The campus also has fantastic facilities; there's lots of security so you always feel safe; and I've formed some of my best friendships."

o **LIZ**
Registered practical
nurse and practical
nursing graduate

"I was attracted to Durham College by the amount of positive media attention the college received prior to me attending. At Durham, you are provided with the tools to pass every course. If you have difficulty with a course or course content, the college provides tutors, workshops and seminars. Most importantly, the professors make time to meet and assist you. The Learner Support program was the key to my success!

The college has all the tools in place to prevent failure and encourage and promote success, hence its motto of success matters. I am a proud graduate of Durham College! I am working in my chosen field, saving lives and making a difference. Durham College made my dream come true!"

Seeking a new career?

While some students come to us straight out of high school, there are many that choose Durham College because they have been recently laid off and are looking for retraining opportunities, are seeking a new career path, want to switch jobs altogether or because they want to upgrade their skills in their current area of employment.

No matter which direction you want to go, Durham College offers thousands of courses through full- and part-time study that can enable you to earn a diploma, graduate certificate and more.

Student support services – what you need, when you need it

Learning happens in and out of the classroom and we are committed to providing you with the best of both worlds. A new 35,000-square-foot Student Services building will open in January 2011 providing a centralized location for most of the college's student service offerings. In addition, the Oshawa campus is undergoing ongoing renovations in order to provide new classroom spaces and laboratories to students to provide the best learning environment possible.

○ Student Life office

The Student Life office ensures you are offered the best support for a smooth transition throughout your entire first year at Durham College, while supporting your personal growth throughout your post-secondary journey.

The office hosts small- and large-scale events on campus focused on academics, student services, clubs and social engagement. Events continue throughout the year to ensure a well-balanced social and academic experience.

○ Orientation

Orientation begins in the summer with Get Prepared for Success (GPS), a program that students can participate in online, through a live session or through a combination of the two for a more complete program. GPS is designed to help you navigate through college business and prepare for the academic transition before school begins.

Orientation Week welcomes more than 4,000 first-year students to our Oshawa and Whitby campuses each September.

○ First-year experience

While going to college is exciting, feeling a little bit nervous is not unusual – this is a new chapter in your life! Our first-year experience co-ordinator understands that and is on hand to introduce you and your family to the many campus services available to support you throughout your first year. It won't be long before our vibrant campus and approachable staff and faculty have you feeling right at home.

○ Staff to Student Mentoring program

The Staff to Student Mentoring program helps new students to easily adapt to the academic and social environment of college life by matching you with a supportive Durham College staff member. Trustworthy and knowledgeable, our staff mentors support your transition to college, provide ongoing support throughout your first year and help you build a stronger connection with the Durham College community. You can be paired with a mentor or participate in our e-mentoring program.

○ Co-curricular recognition

Durham College offers students a unique and cutting-edge Co-curricular Recognition program that supports and recognizes student participation and leadership in campus activities. Through this program, you can analyze and evaluate the skills gained through your participation in campus activities or use them to augment your resumé or portfolio. The program also includes a system that tracks the level of leadership you demonstrate with students then determines your eligibility for various student leadership awards as a way of recognizing your valuable contribution.

○ Student Life office

Oshawa campus, Gordon Willey building Room B205 (until December 2010)

Student Services building (as of January 2011)

Monday to Friday, 8:30 a.m. to 4:30 p.m.

o Campus Health Centre

The Campus Health Centre is committed to providing the highest level of health care to students. Whether you have a health emergency, nutrition questions or a bad case of the flu, you will receive care from friendly, concerned and accessible health professionals.

Located in the CRWC, services include a medical clinic where you can receive medical assessment and treatment of illness or injury; annual health exams; laboratory testing and screening; immunizations and allergy injections; and a variety of health education services including books, pamphlets, bulletin boards, web resources and health newsletters.

An on-site pharmacy and chiropractic, massage therapy, acupuncture and reflexology services are some of the alternative health care therapies available to you. Individual personal counselling services are also available if you require assistance dealing with relationship issues, family problems, nutrition, stress, depression or other personal problems. In addition, we provide referrals to other on-campus or local resources.

T: 905.721.3037

E: healthcare@durhamcollege.ca

www.durhamcollege.ca/campushealthcentre

o Student Academic Learning Services

If you are looking for additional academic support, our student academic centre offers a College Peer Tutoring program, subject-specific supports, instruction in study skills and other learning strategies needed for post-secondary success; English as a Second language support; writing skills; and computer-based tutorial labs. A multi-disciplinary staff delivers workshops, clinics and one-on-one consultations upon request.

T: 905.721.2000 ext. 2491

E: sals@durhamcollege.ca

o Centre for Students with Disabilities (CSD)

If you are a student with a disability (blind or have limited vision; deaf or hard of hearing; or have a physical, medical, psychiatric or learning disability) our CSD, together with your professors, ensures reasonable accommodations are available with every program in your chosen field. You are responsible for contacting the CSD.

T: 905.721.3123

TTY: 905.721.3187

E: disabilities@durhamcollege.ca

www.durhamcollege.ca/disabilities

o Campus Library

The Campus Library offers a wide range of resources to support college programs and encourage the pursuit of lifelong learning beyond general classroom needs. You'll find print, digital and e-books; periodicals; newspapers; government documents; and statistics.

Librarians will gladly assist you with research needs and workshops on various topics offered throughout the year. You are also welcome to contact the reference team in person, by phone or by e-mail.

The library is located at the north end of campus and offers:

- 73,000 square feet of space with a 160,000 volume book capacity;
- 500 seats and 160 computers;
- An accessibility room with assistive and adaptive technology;
- An open concept, two-floor fireplace reading room;
- A special collections reading room/silent study room;
- A wired and wireless environment;
- Ten group study rooms; and
- Two library orientation classrooms.

o Hired Career Services

Before and after graduation, Hired Career Services is on hand to help connect you with employers in Durham Region, across Ontario and beyond. Available services include resumé and cover letter reviews, job search assistance, career advising and assessment and more. Our interactive online portal makes it even easier and faster for students, recent graduates and employers to find precisely what, and whom, they're looking for. Job vacancies and internship opportunities from employers across Ontario and beyond are advertised on the portal and you also have the ability to book your career advising appointments online and sign up for career-related advice via MyCampus.

If you want to gain work experience, you can participate in the college's Internship program. An internship is paid employment that enables you to gain longer-term practical workplace experience directly related to your field of study. Internships are optional and can be four, 12 or 16 months in length depending on employer requirements. Usually, students participate in the Internship program prior to their final year of study.

Hired Career Services also hosts many employer recruiting events on campus throughout the academic year.

Employment advising is available to graduates free of charge, for up to one year after graduation. Access to the Hired portal is available for two years after graduation.

T: 905.721.3034

E: hiredcareerservices@durhamcollege.ca

<http://hired.mycampus.ca>

Dollars and sense – financial aid and awards

Sometimes your finances are the only thing standing between you and your educational goal, which is why the Financial Aid and Awards office at Durham College offers substantial bursary, scholarship and emergency aid programs to students with a demonstrated financial need.

The office helps you understand the variety of financial aid options available to help fund your education including parental resources, student grants/loans from the Ontario Student Assistance Program (OSAP), student lines of credit, bursaries, scholarships, emergency aid programs for students with a demonstrated financial need and on- and off-campus employment.

In addition, thanks to the generosity of donors in the community and beyond, there are a variety of bursaries and other student awards available to you if you are in financial need and have good academic

records. OSAP and the Canada Student Loans and Grants program also provide financial assistance to qualified students.

The college makes more than \$2 million in bursaries and scholarships available to deserving students each year. For example, if you are entering your first year at Durham College, you may apply for the Durham College Access Bursary, which is available for students who meet the specified requirements.

In addition, as you pursue your studies, you may be eligible for general bursary, emergency and donor awards with assistance ranging from \$175 to \$4,500 for students in good academic standing and financial need.

What's even better than receiving an award? Receiving an award you didn't even apply for! That is exactly what happens with our In-course Scholarship program, which recognizes the outstanding academic achievements of second- and third-year students. Winners

are contacted in late October and advised of their scholarship, which can range in value from \$500 to \$1,000. On-campus employment opportunities are also available if you want or need to supplement your income (and your resumé) with an interesting and easily accessible job.

T: 905.721.3036

E: financialaid@durhamcollege.ca

www.durhamcollege.ca/financialaid

Tech-savvy: mobile learning

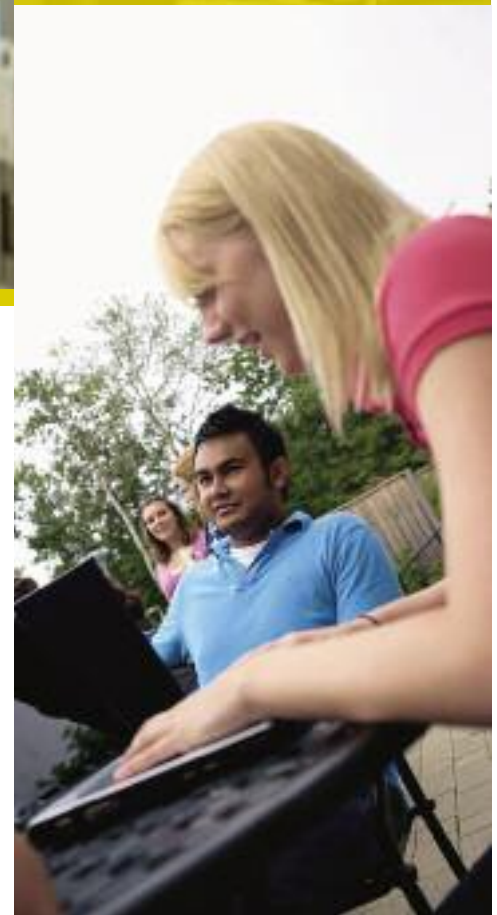

Having the latest skills and knowledge gives you an automatic edge over the competition when it comes to starting your career. That's why we introduced mobile learning nine years ago and have been adding it to programs ever since.

Mobile learning provides the advanced, in-demand skills and knowledge required to give you a strong edge when you begin your career including providing you with wired and wireless connectivity on campus and a state-of-the-art learning infrastructure that enhances and facilitates student and faculty communication and collaboration.

As a Mobile Learning program student, you have the opportunity to make quality computer-based presentations, conduct research, communicate with faculty and access course materials without waiting for on-campus computers.

You also have access to electronic test and assignment results, lecture notes and resources from anywhere in the world; e-mail and websites; and online discussion groups.

You acquire your own laptop from a vendor of your choosing including all of the hardware and software components required by your respective program (unless your program requires server-based software or software that can only be provided by the college). Specific laptop requirements for Durham College's Mobile Learning programs are available at www.durhamcollege.ca/mobile.

Minimum of one full credit in a post-secondary psychology course above the introductory level or its equivalent and an overall GPA of 2.5 in psychology or its equivalent.
Advanced Law Enforcement and Investigations one-year graduate certificate (Sept. start)	0	LAW	A college diploma or university degree with GPA of 3.0 or related work experience
Advertising*** three-year advanced diploma (Sept. start)	0	ADVS	Gr. 12 English, three additional senior level credits
Animation – Digital Arts two-year diploma (Sept. start)	0	ADA	Gr. 12 English, portfolio submission, interview may be required
Animation – Digital Production three-year advanced diploma (Sept. start)	0	ADA	Gr. 12 English, portfolio submission, interview may be required
Biomedical Engineering Technology three-year advanced diploma (Sept. start)	0	BMTY	Gr. 12 English, Gr. 12 math (college technology MCT4C)
Biotechnology Technologist three-year advanced diploma (Sept. start)	0	BITY	Gr. 12 English, Gr. 12 math
Biotechnology Technologist advanced diploma (fast-track) (Sept. start)	0	BTYF	Bachelor of Science (BSc) degree from an accredited university including two chemistry courses and one biochemistry course. Attend an interview where you may be asked to submit a transcript and resumé for review. English skills assessment may be required.
Business Fundamentals one-year certificate (Sept./Jan./May starts)	0	BFND	Gr. 12 English, Gr. 12 math
Business – Accounting*** two-year diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business – Entrepreneurship and Small Business two-year diploma (Sept./Jan. starts)	0	BESB	Gr. 12 English, Gr. 12 math
Business – Entrepreneurship and Small Business 12-month compressed format – one-year diploma (Sept./Jan./May starts)	0	BESC	Gr. 12 English, Gr. 12 math
Business – General – Transfer Program to UOIT BComm (Hons)*** two-year diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business – Human Resources*** two-year diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business – Marketing*** two-year diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business – Operations*** two-year diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business Administration – Accounting*** three-year advanced diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business Administration – Human Resources*** three-year advanced diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business Administration – Marketing*** three-year advanced diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Business Administration – Operations Management*** three-year advanced diploma (Sept./Jan. starts)	0	BUS	Gr. 12 English, Gr. 12 math
Chemical Engineering Technology three-year advanced diploma (Sept. start)	0	CHEM	Gr. 12 English, Gr. 12 math (college technology MCT4C)
Chemical Engineering Technology advanced diploma (fast-track) (Sept. start)	0	CHMF	Bachelor of Science (BSc) degree from an accredited university including two chemistry courses and one bio-chemistry course. Attend an interview where you may be asked to submit a transcript and resumé for review. English skills assessment may be required.
Child and Youth Worker** three-year advanced diploma (fast-track) (compressed) (Sept. start)	0	CYWK	Gr. 12 English (minimum weighted 70 per cent), three additional senior level credits
Communicative Disorders Assistant one-year graduate certificate (Sept. start)	0	CDA	Two-year college diploma or university degree with emphasis in communication disorders, linguistics, social sciences, or human services, resumé, letter of intent, letters of reference.
Community Integration through Co-operative Education two-year certificate (Sept. start)	0	CICE	Student must demonstrate academic needs which require program modification in order to succeed.
Computer Programmer*** two-year diploma (Sept. start)	0	CPGM	Gr. 12 English, Gr. 12 math
Computer Programmer Analyst*** three-year advanced diploma (Sept. start)	0	CPA	Gr. 12 English, Gr. 12 math
Computer Systems Technician*** two-year diploma (Sept. start)	0	CSTC	Gr. 12 English, Gr. 12 math
Computer Systems Technology*** three-year advanced diploma (Sept. start)	0	CSTY	Gr. 12 English, Gr. 12 math
Court Support Services one-year certificate (Sept./Jan. starts)	0	CTSS	Gr. 12 English
Critical Care Nursing (e-learning) one-year graduate certificate (Sept./Jan./May starts)	0	CCH	Diploma or degree in Nursing
Culinary Skills one-year certificate (Sept. start)	0	CSK	Gr. 12 English, Gr. 11 math

See full-time course calendar or website for application and selection processes including weighting factors.

* Program also offered part-time through Continuing Education.

** Previously oversubscribed program (significantly more applicants than seats available, ranking is required). Applications received as of February 1, 2011, for Fall 2011 start and October 1, 2011, for Winter 2012 start will be considered equally.

*** Mobile Learning program.

Program • Duration • (start date)	Campus	Program application code	Minimum entrance requirements
			OSSD, GED, ACE (BTSD) or Mature Student Status (MSS) plus Senior Level (Gr. 11 or higher) subject credits: College Preparation (C), University/College Preparation (M), University Preparation (U) or Post-secondary (college or university)
Dental Assisting (Levels I and II)** one-year certificate (Sept./May starts)	0	DAII	Gr. 12 English (minimum weighted 70 per cent), Gr. 11 or 12 biology, Gr. 11 or 12 chemistry, one additional senior level credit
Dental Hygiene** two-year diploma (Sept. start)	0	DHYG	Gr. 12 English (minimum weighted 70 per cent), Gr. 11 or 12 math, Gr. 11 or 12 biology, Gr. 11 or 12 chemistry, selective admission test(s) may be required
Dental Reception and Administration one-year certificate (Sept. start)	0	DRA	Gr. 12 English (minimum weighted 70 per cent)
Early Childhood Education* two-year diploma (Sept. start)	0	ECE	Gr. 12 English (minimum weighted 70 per cent)
Electrical Technician – Instrumentation and Control** two-year diploma (Sept. start)	W	ELTN	Gr. 12 English, Gr. 12 math, two additional senior level credits
Electro-Mechanical Engineering Technology three-year advanced diploma (Sept. start)	0	EMTY	Gr. 12 English, Gr. 12 math
Electronics Engineering Technician* two-year diploma (Sept. start)	0	ELTC	Gr. 12 English, Gr. 12 math
Electronics Engineering Technology three-year advanced diploma (Sept. start)	0	ELTY	Gr. 12 English, Gr. 12 math (College Technology MCT4C)
Emergency Management one-year graduate certificate (Sept. start)	0	EMGT	College diploma or university degree or one-year Ontario college emergency services, related certificate, related work experience, resumé listing work and volunteer experience.
Energy Audit Techniques one-year certificate (Sept. start)	W	ENAT	Gr. 12 English, Gr. 12 math (physics recommended)
Environmental Technology three-year advanced diploma (Sept. start)	0	ENVT	Gr. 12 English, Gr. 12 math
Environmental Technology advanced diploma (fast-track) (Sept. start)	0	ENVF	Bachelor of Science (BSc) degree from an accredited university including two chemistry courses. Attend an interview where you may be asked to submit a transcript and resumé for review. English skills assessment may be required.
Firefighter – Pre-Service, Education and Training** one-year certificate (Sept. start)	0	PFET	Gr. 12 English, Gr. 12 math, Gr. 11 or 12 biology, Gr. 11 or 12 chemistry
Fitness and Health Promotion two-year diploma (Sept. start)	0	FIT	Gr. 12 English, Gr. 11 or 12 biology
Food Processing Safety Techniques – one-year certificate	0	FPST	Gr. 12 English, Gr. 12 math
Foundations in Art and Design one-year certificate (Sept. start)	0	FAD	Gr. 12 English
Game Development three-year advanced diploma (Sept. start)	0	GDEV	Gr. 12 English, Gr. 11 math, portfolio submission, interview may be required
Gas Technician 2 one-year certificate (Sept. start)	W	GFIT	Gr. 12 English, Gr. 12 math, valid Gas Technician 3 license. Valid oil burner 3 licence or proof of 75 per cent or higher on the oil burner 3 practical evaluation
General Arts and Science one-year certificate (Sept./Jan./May starts)	0	GASC	Gr. 12 English
General Arts and Science – Health Sciences Preparation one-year certificate (Sept./Jan. starts)	0	GASH	Gr. 12 English
General Arts and Science – University Articulation two-year diploma (Sept./Jan./May starts)	0	GASC	Gr. 12 English
Graphic Design three-year advanced diploma (Sept. start)	0	GDES	Gr. 12 English, Gr. 11 math, portfolio submission, interview may be required
Heating, Ventilation and Air Conditioning Techniques** one-year certificate (Sept. start)	W	HVAC	Gr. 12 English, Gr. 12 math, 2 additional senior level credits
Hospitality Management – Hotel and Restaurant two-year diploma (Sept. start)	0	HIMGT	Gr. 12 English
Human Resources Management* one-year graduate certificate (Sept. start)	0	HURM	Three-year college diploma or university degree, or three to five years of related business experience, resumé, references, and OSSD or equivalent
Internet Applications and Web Development*** two-year diploma (Sept. start)	0	WBIN	Gr. 12 English
Journalism – Print*** two-year diploma (Sept. start)	0	JOUP	Gr. 12 English (minimum weighted 70 per cent)
Journalism – Print and Broadcast*** three-year advanced diploma (Sept. start)	0	JOUP	Gr. 12 English (minimum weighted 70 per cent)
Law and Security Administration two-year diploma (Sept. start)	0	LASA	Gr. 12 English
Legal Administration* three-year advanced diploma (Sept. start)	0	LEGL	Gr. 12 English
Mechanical Engineering Technician – Non-Destructive Evaluation two-year diploma (Sept. start)	0	NDE	Gr. 12 English, Gr. 12 math
Mechanical Engineering Technician two-year diploma (Sept. start)	0	METC	Gr. 12 English, Gr. 12 math
Mechanical Engineering Technology three-year advanced diploma (Sept. start)	0	METY	Gr. 12 English, Gr. 12 math
Mechanical Technician – Mechanical Maintenance and Control two-year diploma (Sept. start)	W	MTNM	Gr. 12 English, Gr. 12 math
Mechanical Techniques – Industrial (Online)* one-year certificate (continuous start)	W	MTIO	Gr. 12 English, Gr. 12 math
Mechanical Techniques – Precision Machining/CNC one-year certificate (Sept. start) – NEW	W	MTPM	Gr. 12 English, Gr. 12 math
Mediation – Alternative Dispute Resolution one-year graduate certificate (Sept. start)	0	MADR	Recognized college diploma or university degree or a demonstration of equivalent experience, career portfolio
Motive Power Technician – Service and Management two-year diploma (Sept. start)	W	MPTN	Gr. 12 English, Gr. 12 math
Multimedia Design*** three-year advanced diploma (Sept. start)	0	MMDE	Gr. 12 English
Music Business Administration** two-year diploma (Sept. start)	0	MBAD	Gr. 12 English (minimum weighted 75 per cent in ENG/EAE), 3 additional senior level credits

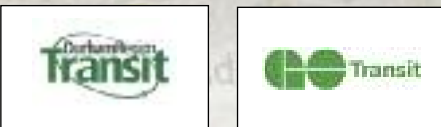

Program • Duration • (start date)	Campus	Program application code	Minimum entrance requirements
			OSSD, GED, ACE (BTSD) or Mature Student Status (MSS) plus Senior Level (Gr. 11 or higher) subject credits: College Preparation (C), University/College Preparation (M), University Preparation (U) or Post-secondary (college or university)
Music Business Management** three-year advanced diploma (Sept. start)	0	MBAD	Gr. 12 English (minimum weighted 70 per cent in ENG/EAE), 3 additional senior level credits
Nursing – Collaborative BScN (UOIT/Durham)*** four-year degree (Sept. start)	0		Admission and application information available through www.uoit.ca.
Office Administration* one-year certificate (Sept./Feb. starts)	0	OFAD	Gr. 12 English
Office Administration – Executive two-year diploma (Sept. start)	0	OFEF	Gr. 12 English
Office Administration – Legal two-year diploma (Sept. start)	0	OFLG	Gr. 12 English
Office Administration – Medical two-year diploma (Sept. start)	0	OFMD	Gr. 12 English
Paralegal two-year diploma (Sept. start)	0	CTA	Gr. 12 English
Paralegal one-year graduate certificate (Sept. start)	0	CTAP	Related two-year college diploma or university degree or three to five years of related experience, resumé, references, and OSSD or equivalent
Paramedic** two-year diploma (Sept. start)	0	PPC	Gr. 12 English, Gr. 12 math, Gr. 11 or 12 biology, Gr.11 or 12 chemistry
Paramedic – Advanced Care one-year graduate certificate (Sept. start)	0	PADV	Graduate of Paramedic diploma program, orientation session, resumé, interview/assessment
Paramedic – Advanced Care one-year distance delivery graduate certificate (online, Jan. start)	0	ACPO	Graduate of Paramedic diploma program, orientation session, resumé, interview/assessment
Personal Support Worker one-year certificate (Sept./March starts)	0	PSWK	Gr. 12 English
Pharmaceutical and Food Science Technology three-year advanced diploma (Sept. start)	0	PHRM	Gr. 12 English, Gr. 12 math
Pharmaceutical and Food Science Technology advanced diploma (fast-track) (Sept. start)	0	PHMF	Bachelor of Science (BSc) degree from an accredited university including two chemistry courses. Attend an interview where you may be asked to submit a transcript and resumé for review. English skills assessment may be required.
Police Foundations* two-year diploma (Sept./Jan. starts)	0	POFD	Gr. 12 English with ENG/EAE (minimum weighted 75 per cent)
Power Engineering Technician two-year diploma (Sept. start)	W	PETC	Gr. 12 English, Gr. 12 math, Gr. 11 or 12 physics, Gr. 11 or 12 chemistry
Practical Nursing** two-year diploma (Sept./Jan. starts)	0	PNII	Gr. 12 English with ENG/EAE (minimum weighted 70 per cent), Gr. 12 math (minimum weighted 75 per cent), Gr. 11 or 12 biology, Gr. 11 or 12 chemistry
Pre-Media one-year certificate (Sept. start)	0	PRMD	Gr. 12 English, (further post-secondary study may require Gr. 12 math)
Professional Golf Management – Business Administration (Co-op) three-year advanced diploma (Sept. start)	0	PGM	Gr. 12 English
Public Relations*** three-year advanced diploma (fast-track) (Sept. start)	0	PUBL	Gr. 12 English (minimum weighted 70 per cent), Gr. 11 math
Renewable Energy Technician two-year diploma (Sept. start)	W	RET	Gr. 12 English, Gr. 12 Math (physics recommended)
Social Services Worker* ** two-year diploma (Sept. start)	0	SSWK	Gr. 12 English, three additional senior level credits
Sports Administration two-year diploma (Sept. start)	0	SPAD	Gr. 12 English (minimum weighted 75 per cent), Gr.11 math
Sport Business Management one-year graduate certificate (Sept. start)	0	SBMT	Three-year related college diploma or university degree, minimum 2.5 GPA, orientation session, resumé, questionnaire
Sport Management** three-year advanced diploma (Sept. start)	0	SPAD	Gr. 12 English (minimum weighted 75 per cent), Gr. 11 math
Veterinary Assistant** one-year certificate (Sept. start)	0	VETA	Gr. 12 English, Gr. 11 or 12 biology, two additional senior level credits
Water Quality Technician two-year diploma (Sept. start)	0	WATR	Gr. 12 English, Gr. 12 math
Youth Corrections and Interventions one-year graduate certificate (Sept. start)	0	YCI	Related college diploma, university degree or equivalent professional experience, questionnaire/interview

Apprenticeship training (Whitby campus)		Entrance requirements
		Apprentices must register through the regional apprenticeship office of the Ministry of Training, Colleges and Universities. For Durham Region call 905.837.7721 or 1.800.461.4608 (toll free).
Automotive Service Technician	General Machinist	Precision Metal Fabricator
Electrician – Construction and Maintenance	Hairstylist	Small Engine Technician
Electrician – Industrial	Industrial Mechanic (Millwright)	Tool and Die Maker
Elevating Devices Mechanic	Metal Fabricator (Fitter)	Welder
Facilities Mechanic	Mobile Crane Operator (Branch 1,339A)	
Facilities Technician	Plumber	

Travel the road to your future via the U-Pass

We know that when you're on a budget, every little bit helps. First introduced in 2006, the U-Pass is more than a little in savings and helps a lot!

How the U-Pass works

As a full-time Durham College student, you have unlimited free use of any Durham Region Transit bus (www.durhamregiontransit.com) or GO Transit bus (www.gotransit.com) operating in Durham Region during the academic year. All you have to do is show your Campus ID card, which acts as your U-Pass, to the bus driver.

The cost for the U-Pass is included in your full-time student fees, allowing you to cross transportation budgeting off your list of financial considerations. Additional benefits include:

- An environmentally friendly way to travel;
- No fees to park a vehicle on campus;
- Convenience – more than 380 buses entering the bus circle in front of the Gordon Willey building on a daily basis;
- Bus service in all Durham Region communities; and
- A connection to express buses to the Scarborough Town Centre and York University (at a reduced cost for students) with stops in Markham and Vaughan.

TAKE ADVANTAGE OF THE U-PASS

Market-driven programs, real-world experience

Today's demanding work environment requires you to have skills, knowledge and confidence in order to meet your future employer's expectations. That's why we've been providing high-quality and relevant programs taught by exceptional teachers for more than 42 years.

Our award-winning faculty provides a positive perspective on the importance of academics and employment, a perspective that you won't find anywhere else. The relationship they have with our students is a unique combination of trust, knowledge, real-world experience and unwavering support.

In addition, the majority of our full-time programs are designed to give you an opportunity to put what you learn in the classroom into practice on the job via work placement, internship and co-op opportunities.

Come see for yourself why world-class instruction from world-class professors; hands-on training with the latest

technologies; and the opportunity to network and apply your skills in the workplace well before graduation are the keys to success.

Of course you don't just have to take our word for it. This unbeatable combination is also acknowledged by employers who, year after year, confirm their satisfaction with our graduates. Case in point, the 2009 results of the provincial government's Key Performance Indicator (KPI) surveys of Ontario college students, graduates and employers, which showed a 93.8 per cent employer satisfaction rating with the performance of our graduates!

ORIENTATION WEEK

BEDOUIN SOUNDCLASH

E.P. Taylor's Pub and Restaurant

There are numerous ways to get involved on campus and make new friends and you won't find a more perfect location to unwind with new classmates than E.P. Taylor's Pub and Restaurant, one of the top campus pubs in Ontario. In addition to drinks and great food, E.P. Taylor's offers concerts, Campus Idol, lunch and evening comedy shows, karaoke, battle of the bands and more.
