

Cybersecurity (SSCP and CISSP) - Professional Designation

Program of Study 2022/2023

- Students starting in the 2022/2023 academic year (September - August) must follow the Program of Study shown below.
- If you began your studies **prior to the 2022/2023 academic year**, please contact Professional and Part-time Learning at 905-721-3052 or ppl@durhamcollege.ca to obtain the Program of Study that applies to your start date.
- Courses are delivered virtually through an interactive online platform in conjunction with Northern Alberta Institute of Technology. You require access to a computer with high-speed internet and camera for the duration of each class.
- A digital pin of completion will be awarded upon successfully finishing this program. After successful completion of all courses in the Program of Study you must notify us via email at pplbadges@durhamcollege.ca Once verified, a digital pin will be issued to you.
- Not all courses are available every semester. Please visit the [Program webpage](#) to view current course availability.
- Tip: Monitor your progress by entering your marks and completion dates in the column provided below.
